### Project Design Instructions

- **Needs Print File**

Project Notes : I've scribbled some details on the print-outs in the folder but mainly:  
**FRONT (Name Side)**

1. Scale down the upside-down triangle element from the upper right corner -smaller
2. Font size needs to be bigger
3. Ensure Title is Capitalized "Operating Partner"
4. Logo needs to be bigger

**BACK**

1. Get rid of the the upside-down triangle
  2. Logo Larger
  3. Get rid of the whole bottom bar, just put the website under the logo in blue text.
- Let me know if any questions.

### Customer Design Notes

DO NOT EXPORT JPG FROM INDESIGN

EXPORT to PDF and then use FastStone

Size: 720px, 960px, or 2048px on the longest edge

Saved down to 70% Quality

Best Options I've found from Fast stone: <https://rpsurl.com/TT20210507105546.png>

**Facebook:** More square than round.

**WEB:** 1096 px in Width, More rectangle Wider than Tall

Last Design: 1096x602 (INDD 10.25"w x 5.625" H)

Font Sizes: 82pt max for any large header, 25pt Max for body

Likes 4:3 or Square

### Proof Approved File Name
